<input type="checkbox"/>	Approve (this vote may include non-binding comments)
<input type="checkbox"/>	Do Not Approve (this vote requires specific reasons in sufficient detail so that the specific wording of the changes that will cause the negative voter to change his or her vote to "approve" can readily be determined. If the changes are made, then the vote automatically becomes affirmative)
<input type="checkbox"/>	Abstain Reason:

Abstaining for another reason than "Lack of expertise" will be considered as "ballot not returned" for the membership status.
