Title: Tentative Minutes to IEEE P802.11 DS Sub-Group  
Enschede, NL  
Dates: July 1996

---

**Minutes for DS-PHY**  
**IEEE 802 Conference**  
**University of Twente**  
**Enschede, Netherlands**  
**July 8-12, 1996**

**Tuesday July 9, 1996**  
**DS-PHY Meeting**  
**Afternoon Session**

Attendees

Jan Boer , Lucent (DS-Chair)  
Mike Trompower, Aironet  
Roy Sebring, Intermec  
John Fakatselis, Harris Semiconductor  
Al Petrick, Harris Semiconductor

Agenda for July  
Review ballot comments  
Conformance testing

Jan Boer, reviewed May96 minutes.  
Motion to accept by. Mike T second by Roy S.  
Vote: 5,0,0  
Motion pasess

Assignments:  
Jan Boer (meeting chair)  
Mike T. (edit draft document)  
Al P. (Secretary)

Discussion on Simon Blacks comment on slot time boundry in reference to SIFS timing.

Item B

Related to the PHY slot boundry:

The CCA indication shall report channel busy within 15usecs from the start of a slot, provided that the valid signal according to the CCA mode of operation is present at the receiver antenna at the start of the slot. For slot time boundry definition refer to figure 47.

Related to the MAC slot boundry:

See Mike T. Notes i.e. red-lined text.

Motion: DS to accept Simon Blacks recommendation in reference to slot time boundary

Motion to accept by. Roy S. second by John F.

Vote: 5,0,0

Motion Passes

Reviewed comment item 26

DS-PHY accepted as editorials

Reviewed comment item 27

figure 1 will be corrected when the document combined

Reviewed comment item 28

editorial comment accepted by DSPHY group

Reviewed comment item 29

editorial comment accepted by DS-PHY group

Reviewed comment item 30

The CRC end is position at the right location, the CRC is calculated on the Signal Service, Length

Reviewed comment item 31

Reject comment in reference to PLCP field out of spec

Motion: Not accept the comment

Group comment: the service field is set to 00h, presently anything other than 00h is out of 802.11 compliance

Motion to accept by. John F. second by Mike T

Vote: 4,0,1

Motion Passes

Adjourned for the day 5:00PM

**Wednesday July 10, 1996**

**DS-PHY Meeting**

**Morning Session**

Attendees

Jan Boer , Lucent (DS-Chair)  
Mike Trompower, Aironet  
Roy Sebring, Intermec  
John Fakatselis, Harris Semiconductor  
Al Petrick, Harris Semiconductor  
Ikou Tomoda, NTT, Japan

Meeting started at 8:30AM.

Reviewed PICs proforma document for the DS-PHY  
Editorial comments added by Mike T. to the draft

Reviewed document D106.2 for comments to Anex relative to the DS-PHY  
Editorial comments added by Mike T.

Completed all editorial comments!!!!!!

Meeting adjourned until Plenney meeting on Thursday!!
