Approval: Approved by the IEEE 802.11 Working Group at IEEE 802.11 interim meeting,
Anwerp, Belgium, May 15, 2026

Dear Guido R. Hiertz,

The IEEE 802.11 Working Group acknowledges receipt of your liaison letter regarding ETSI TC BRAN's work on TR 104 893 – DFS Challenges with Emerging Solid-State Weather Radars in the 5 GHz Band, dated 2 April 2026. We appreciate your outreach to IEEE 802.11 Working Group and your invitation for our group to provide technical feedback on TR 104 893.

The technical report is currently under discussion by our members. We note that there may be the potential for an organizational response on the technical aspects of the report, subject to the outcome of ongoing discussions, potentially following our next IEEE 802.11 Plenary meeting scheduled for 12–17 July 2026.

Sincerely,

Robert Stacey
