Dear Ms. Rawat:

On behalf of IEEE 802.16, I thank you for the Industry Canada's valuable comments on the working version of document IEEE 802.16.2 ("Recommended Practice for Coexistence of Broadband Wireless Access Systems"). 802.16's Task Group 2 on Coexistence of Broadband Wireless Access Systems reviewed these comments at its meeting in Ottawa, Ontario, Canada on 25-26 October 2000. I am happy to report that all comments have been resolved. A copy of the relevant resolution actions is attached.

The draft document is currently the subject of a Working Group Letter Ballot. We will continue the work of finalizing the draft at 802.16 meetings taking place in January and March 2001.

Thanks again for your continued support.

Sincerely,

Dr. Roger B. Marks
Chair, IEEE 802.16 Working Group on Broadband Wireless Access

cc: Jim Carlo, Chair, IEEE 802 LAN/MAN Standards Committee
Rebecca Chan, Industry Canada

Brief Description	Resolution
replace text in 6.1.1.1 with text in comment	Changes accepted but need rev. number of the document in reference
replace text in 6.1.1.2 with text in comment	Changes accepted but need rev. number of the document in reference
Replace text under the subheading "Industry Canada" with text in Comment	Changes accepted
	Changes accepted but change the section title to "Industry Canada Coordination Process". Need Annex E title changed to refer to UK coordination process
Create new Annex F with text in Comment
