To: Wonil Roh, Chair, WiMAX Forum Technical Working Group

Subject: Response to WiMAX Forum Liaison Statements IEEE L802.16-11/0002 and IEEE L802.16-11/0005

Dear Wonil,

Thank you for your liaison statements (IEEE L802.16-11/0002 and IEEE L802.16-11/0005) of 9 February 2011and 13 March 2011 detailing issues with IEEE Std 802.16. The issues identified in the annexes of IEEE L802.16-10/0002 and L802.16-10/0005 were reviewed during the IEEE 802.16's Session #72 in Singapore from 14-17 March. The 802.16 WG has addressed the issues, as recorded in the updated Maintenance database IEEE 802.16maint-09/0007r14. Note that the issue raised in Annex A in IEEE L802.16-11/0002 is addressed in Comment 54; the suggested resolution is consistent with your proposed remedy (see IEEE 802.16maint-11/0002). The issue raised in Annex B in IEEE L802.16-11/0002 is addressed in Comment 55; the suggested resolution is based on a modification of your proposal, per IEEE 802.16maint-11/0003. The issue raised in Annex C in IEEE L802.16-11/0002 is addressed in Comment 56; the suggested resolution is based on a modification of your proposal, per IEEE 802.16maint-11/0004. The issue raised in Annex A in IEEE L802.16-11/0005 is addressed in Comment 51; the suggested resolution is based on a modification of your proposal, per IEEE 802.16maint-11/0005. The issue raised in Annex B in IEEE L802.16-11/0005 is addressed in Comment 57; the suggested resolution is based on a modification of your proposal, per IEEE 802.16maint-11/0006.

Finally, note that we have updated the Maintenance database to IEEE 802.16maint-09/0007r14 to reflect the status of prior maintenance input, adding additional follow up notes to Comment 51.

Sincerely,

Roger B. Marks
Chair, IEEE 802.16 Working Group on Broadband Wireless Access
