To: Asan Khan, Asan_Khan@cable.comcast.com, SPWG Chair, WiMAX Forum
Chungwoo Hwang, cwhang@kt.com, SPWG Vice-Chair, WiMAX Forum
Ivan Bernikov, IBernikov@yotateam.ru, SPWG Vice-Chair, WiMAX Forum

Subject: Follow-up Response to Liaison announcing Draft WiMAX Forum Machine to Machine Communications Requirements Spec

Thank you for your statement ([IEEE L802.16-10/0125](#)) of 20 December 2010 announcing the completion of the Draft Specification on *Requirements for WiMAX Machine to Machine Communications* and the opportunity to comment on this draft.

We appreciate the offer to review and comment on your draft and consider its applicability to our work. The draft was made available to our members for review. We have no comment at this time.

Reciprocally, we would like your members to consider the current System Requirements Documents as developed in support of our 802.16n and 802.16p projects:

- [GRIDMAN \(802.16n\) System Requirements Document](#)
- [M2M \(802.16p\) System Requirements Document](#)

We welcome your organization's comments on both of these documents.

Sincerely,

Roger B. Marks Chair, IEEE 802.16 Working Group on Broadband Wireless Access
