

## Call for Comments on Baseline Task Group Document IEEE 802.16i-06/001r1:

**Deadline: 3 May 2006 AOE**

On 7 December 2005, the IEEE-SA Standards Board approved the IEEE 802.16 Working Group Project Authorization Request (PAR) P802.16i to develop a new amendment to IEEE Standard 802.16. The PAR <<http://standards.ieee.org/board/nes/projects/802-16i.pdf>> is entitled "Amendment to IEEE Standard for Local and Metropolitan Area Networks - Part 16: Air Interface for Broadband Wireless Access Systems - Mobile Management Information Base" It has the scope:

*This document provides mobility enhancements to IEEE Std 802.16 MIB for the MAC, PHY and associated management procedures. The project will use protocol-neutral methodologies for network management to develop resource models and related solution sets for the management of devices in a multivendor 802.16 mobile network.*

The IEEE 802.16 Working Group's Network Management (NetMan) Task Group <<http://WirelessMAN.org/netman>> is assigned to develop the draft.

At the WG's Session #42 of March 2006, the NetMan TG resolved comments, as documented in <[http://WirelessMAN.org/netman/docs/80216i-06\\_003r2.pdf](http://WirelessMAN.org/netman/docs/80216i-06_003r2.pdf)> to create the resulting revised Baseline Task Group Document 802.16i-06/001r1 <[http://WirelessMAN.org/netman/docs/80216i-06\\_001r1.zip](http://WirelessMAN.org/netman/docs/80216i-06_001r1.zip)>.

This Call for Comments requests input relevant to that Baseline Task Group Document IEEE 802.16i-06/001r1.

Submit your comments (with or without associated contributions) by the **deadline of 3 May 2006** following the instructions at <<http://WirelessMAN.org/docs/Commentary>> and <<http://WirelessMAN.org/submit.html>>. Contributions should be included only if the issue and/or proposed remedy are so substantial as to require the contribution format for appropriate presentation. Any contribution must be referenced by an appropriate comment.

Make use of the "NetMan" upload directory <<http://netman.WirelessMAN.org>> to post both your comments and any contributions. Comment files should be submitted in the name format '16iComments\_YourName.usr'. Contribution document naming format will follow the standard IEEE 802.16 naming convention using 'i' for the project designation, with the format 'C802.16i-06/ijk'. Comments and contributions will be considered non-confidential and will be posted for public access on the IEEE 802.16 Web Site <<http://WirelessMAN.org>>.

This is not a ballot and no vote to 'Approve' or 'Disapprove' the document is appropriate at this time. This is a Call for Comments to improve the document and prepare it for Draft status.
