IETF Activities and Status

- **IPoPTR (IP over Packet Transport Rings) WG formation, within the Internet Area, in progress**

- **WG to address L2-L3 Interaction in packet ring topologies**

- **Proposed WG Charter currently under discussion**

- **IPoPTR BOF planned for Pittsburgh IETF (July/00)**

- **Proposal to establish close interaction between IETF - IEEE via liaisons**

IETF Activities and Status

IPoPTR to address interactions between packet rings and L3 routing protocols such as:

- Ring Direction Choice

- Improved OSPF/ISIS metrics

- Improved L3 convergence

- Traffic Engineering over Packet Transport Rings
