Dear Ms. Dortch:

On 7 September 2006 IEEE representatives Peter Murray and Denis Kuwahara met with members of the FCC staff, including: Alan Scrimme, Karen Rackley, Geraldine A Matisse, Ron Chase, Ira Keltz, and Julius Knapp.

The presentation reviewed the existing features of IEEE 802.11<sup>TM</sup> and IEEE 802.16<sup>TM</sup> standards, the standards development work relevant to 3650-3700 MHz (802.11y and 802.16h), the history and current status of both projects. In addition, the standards development process used by these groups was described, including the approval processes that occur in the process of approval of a standard or supplement.

The presentation is: 18-06-0055-00-0000\_RR-TAG\_FCC\_Update.ppt, a copy of which is attached.

Respectfully submitted,
