

Motion

The first order of business for July 10G EPON SG meeting should be technical presentations regarding tech feasibility of 10Gb/s symmetric EPON with 29 dB optical link budget, with consideration of throughput.

Y: 30 N:2 A:6

Motion

Approve the draft PAR incorporating the title, scope, purpose, and need statements as adopted at this meeting. Grant the study group chair the authority to make editorial changes as needed.

Y: 43 N:0 A:6

Motion

Request that the working group chair forward the draft PAR and 5 criteria to the 802 EC for consideration at the July 2006 Plenary session.
