

Meeting Minutes PDCC Ad Hoc

Prepared by: Chad Jones

August 18, 2021

1:00 PM ET

1:04PM ET Meeting called to order.

Meeting started by the Ad Hoc Chair, Chad Jones.

The Ad Hoc Chair reviewed agenda slides, covered the IEEE patent policy, code of ethics and conduct, participation, and copyright rules (slides 3-7 in the agenda deck).

1:10PM The Chair informs the group that minutes for the previous meeting are posted, asked if anyone that wanted to review the minutes hadn't had the chance to review, and asked if there were any changes to be made to the minutes. None responded. The minutes were approved by unanimous consent. The Chair instructed the webmaster to change the status of the Aug11, 2021 minutes to confirmed.

1:08PM The group turned to the main agenda, presentations concerning SELV, LPS, ES1, and how they are defined across various IEC equipment and cabling standards and national standards that are derived from IEC standards. The presentations can be found on the August 18 section of the PDCC public site (i.e. just below these minutes). The presentation and discussion were lengthy and covered many topics. The main outcome is an expected comment against 802.3 that conforming to LPS as defined in Annex Q of IEC 62368 is not enough and that cabling standard references will also need added.

The next scheduled PDCC Ad Hoc meeting is Wednesday August 18, 2021, 1PM ET.

The Chair asked if there was any other business, none responded.

2:54PM ET Having exhausted the agenda, the meeting was adjourned.
