Meeting Minutes: IEEE 802.3 YANG OS Project Ad Hoc

11/9/2026 Mixed-mode Plenary Session
Prepared by Peter Jones
All times in ICT

The IEEE 802.3 YANG OS Project Ad Hoc meeting was convened at 13:20 by the chair, Peter Jones.

The meeting was held in person and electronically, attendance is listed in Appendix A.

In general, documents and presentations referenced in these minutes are under the Ad Hoc home page including Ad Hoc Public area.

Mr Jones displayed and proceeded to review the agenda in:
AGENDA.

The agenda was approved at 13:35 by unanimous consent.

At 13:35 the following minutes were approved by unanimous consent:
July Draft Minutes

Members of the Press, Mr Jones asked for any press members to identify themselves. No one responded.

Goals for the Meeting
Review status, plan next steps.

Attendance, Mr Jones advised the group that the attendance would be taken from Webex and IMAT.

Policies, Mr Jones resumed review of the agenda deck, including the following items:

- The IEEE SA Participation policy
- The IEEE SA Copyright Policy
- The IEEE SA policy on dominance
- The IEEE SA Standards process.

No questions were asked.

Mr Jones completed reviewing the agenda deck at 13:45.

Mr Jones moved on to the work of the meeting. Mr Jones led review of the following documents :

- November email update
- Roles of the IEEE 802.3 YANG Repositories
- Approved Modules Report (markdown)
- Clause 30 Review Summary Report (docx)
- Clause 30 Review Report (html)

The chair of the IEEE 802 LMSC YANG Standing Committee was present in the room

Major topics discussed included:

- release publication and external industry body communications in conjunction with the SC
- shared tooling
- structure of repositories under the project
- possible next releases:
    - 1.0.1: editorial changes (e.g., spelling errors) for 1.0.0
      2.0.0: update existing modules for 802.3-2022 amendments as of January 1, 2027
    - 3.0.0: published and draft amendments post January 2027
- not currently planned:
    - "missing models" (e.g., anything that requires a brand new model)
    - replacing 802.3.2-2025 models not covered by CLA (e.g., EPON)

Discussion of future meetings

The Ad Hoc decided to move to share meetings with the 802 YANG SC. The groups plan to meet in person at plenaries and have regular conference calls.

Meeting adjourned at 15:15.
