A couple uses of the "neither ... nor" can be extremely confusing to ESL individuals, leading to missed opportunities.

SuggestedRemedy

Response *Response Status* **W**

REJECT.

The proposed change in the comment does not contain sufficient detail so that the CRC can understand the specific changes that satisfy the commenter

Comment is out of scope - no changed text at the referenced page

Draft 3.1 of 802.3bq has 3 instances of "neither... Nor combinations" which are in unchanged text, and a fourth (P52 L8), in response to a comment on draft 3.1. IEEE Std 802.3-2015 uses "neither ... nor" language between 30 and 50 times.
