NGEABT Study Group Architecture Ad Hoc Report March 2015

Arch Ad Hoc: Charter, scope/deliverables, location

- ## Charter
  - To discuss the different areas of work (use cases, MAC rate, supported channels, PHY layering & modulation, etc.) that will fall under the work of the group
  - To prepare content and contributions towards the study group's goal of developing the required documentation of objectives, PAR and CSD.

- ## All related work and presentations can be found here:

  http://grouper.ieee.org/groups/802/3/NGEBASET/public/archadhoc/index.html

Arch Ad Hoc: Activity since San Antonio

- ## Between San Antonio and Atlanta
  - 4 meetings, 14 presentations, 91 total attendees (sum)
  - Major focus was preparation of PAR, CSD, Objectives for Atlanta.
  - All three items were adopted by the SG in Atlanta.

- ## Between Atlanta and Berlin
  - 2 meetings, 3 presentations, 59 total attendees (sum)
  - Presentations focused on proposals to move standard ahead quickly.

Arch Ad Hoc: Next Steps

- ## Further work

  - Review contributions related to different areas of work (use cases, MAC rate, supported channels, PHY layering & modulation, etc.) that will fall under the work of the group.

- ## Next meetings

  - Virtual meetings will be scheduled as requested following the Berlin Plenary using the same timeslot (Tuesday 9:00am PST)

    BTW - The Ad Hoc chair is travelling to Australia until March 28th, and is in a training course the week after. So the first meeting maybe April 14th unless someone else hosts.

- ## Thanks to all ad hoc participants and contributors – and remember… you, too, can be a contributor!

Thank You!
