

Straw Poll 1

- Do you agree that detecting both alternatives in parallel is not sufficient to identify PDs?
- Y: 16
- N: 5
- A: 7

Straw Poll 2

- Do you agree that we should not change the existing IEEE802.3 Std—2012 accept and reject criteria for detection?
- Y: 15
- N: 3
- A: 11

Motion

Move that,

An IEEE 802.3bt system that operates over 4 pair above Type 2 power limits is required to meet pair-to-pair unbalance requirements.

Mover: Yair Darshan, Seconder: Fred Schindler

Do you agree with the above statement for IEEE.3bt?

Y: 21

N: 1

A: 8
