

Comment: Clause 146 has the following shall statements related to the topic of MDI:

Feature	Subclause	Description
Mated MDI performance	146.8.2	Meets link segment requirements in 146.7
MDI Return Loss	146.8.3	Meets or exceeds equation 146-17
MDI DC power voltage tolerance	146.8.4	Up to 60 V DC with the source current limited to 2000 mA
MDI fault tolerance	146.8.5	Withstand without damage the application of a short circuit of any wire to the other wire of the same pair or ground potential

Proposed Remedy:

Give license for Editors to insert new PICS for these four requirements.
