PROPOSED ACCEPT IN PRINCIPLE.

This comment does not apply to the substantive changes between IEEE P802.3cn/D3.0 and IEEE P802.3cn/D3.1 or the unsatisfied negative comment from the previous ballot.

Hence it is not within the scope of the recirculation ballot.

However, the change suggested is an improvement to the draft that would otherwise need to be made during publication and only affects the summary in the front matter, which is not part of the balloted text.

Change "50 Gb/s 200 Gb/s, and 400 Gb/s" to "50 Gb/s, 200 Gb/s, and 400 Gb/s"
