The text, "and its amendments," is not used when describing 802.3bt, 802.3cd, and 802.3cn. Consider with other related Maguire comment.

Preferred resolution: Delete "and its amendments," from the clause. Alternately, you could add "and its amendments" to the 802.3bt, 802.3cd, and 802.3cn text, but I don't think a comma is supposed to go after the word "amendments".

802.3cb is the first amendment to 802.3, so it's not changing "IEEE Std 802.3-2018 and its amendments". Consider with other related Maguire comment.

Delete, "and its amendments,"
