IEEE P802.3cw June 2023 Interim TF Electronic Meeting

Introduction

- "Rewrite" of IEEE P802.3cw D2.0 Clause 155 put the project ≈ 6 months behind schedule

- IEEE P802.3cw D2.1 was essentially a restart of WG Ballot

- We need to revisit schedule

- General concern regarding whether the project should continue

- Note - PAR Expiration date – 31 Dec 2024
  - If a PAR renewel were necessary – target request July 2024 802 Plenary
