Chair asked if anyone needed any of these policies reviewed in-depth. There were no requests.

Chair presented the first slide (See Slide #21) of the IEEE SA Participation Policy slides, and noted the core principles of the IEEE Codes of Ethics & Conduct are to:

- Uphold the highest standards of integrity, responsible behavior, and ethical and professional conduct

- Avoid injuring others, their property, reputation, or employment by false or malicious action

Chair presented the second slide (See Slide #22) of the IEEE SA Participation Policy slides. By participating in standards activities using the “individual process”, you are deemed to accept these requirements; if you are unable to satisfy these requirements then you shall immediately cease any participation.”

Chair presented the third slide (See Slide #27) of the IEEE SA Patent Policy slides. Chair did call for Potentially Essential Patents, and no one came forward.

Chair presented the second slide (See Slide #32) of the IEEE SA Copyright Policy slides. Chair noted – “By participating in this activity, you agree to comply with the IEEE Code of Ethics, all applicable laws, and all IEEE policies and procedures including, but not limited to, the IEEE SA Copyright Policy.”
