

IEEE P802.3cw Task Force 27 May 2021 Interim Teleconference Meeting

Unapproved Meeting Minutes, Prepared by John D'Ambrosia

Meeting called to order at 10:03 am ET (all times ET) by John D'Ambrosia, who was chairing the meeting.

Chair noted that individuals should fill out IMAT information for attendance.

Presentation #1

Agenda and General Information

Presenter:

John D'Ambrosia

Chair asked if there were any requests for modifications. There were none. The chair asked if there was any opposition to the approval of the minutes. There was none and the minutes were considered approved.

Chair noted that the agenda deck had been sent out, and requested that individuals review the following IEEE SA policies prior to the interim meeting –

- IEEE SA Participation Policy
- IEEE SA Copyright Policy
- IEEE SA Patent Policy

Chair asked if anyone needed any of these policies reviewed in-depth. There were no requests.

Chair presented the second slide (See Slide #21) of the IEEE SA Participation Policy slides. Chair noted – “Participants in the IEEE-SA “individual process” shall act independently of others, including employers. By participating in standards activities using the “individual process”, you are deemed to accept these requirements; if you are unable to satisfy these requirements then you shall immediately cease any participation.”

Chair presented the third slide (See Slide #26) of the IEEE SA Patent Policy slides. Chair did call for Potentially Essential Patents, and no one came forward.

Chair presented the second slide (See Slide #31) of the IEEE SA Copyright Policy slides. Chair noted – “By participating in this activity, you agree to comply with the IEEE Code of Ethics, all applicable laws, and all IEEE policies and procedures including, but not limited to, the IEEE SA Copyright Policy.”

The Chief Editor was delayed joining the call. The chair asked if there were any objections to discussing future meetings at this time. There was none.

The chair noted the announced next TF Interim meeting was scheduled for June 14. Based on the chair’s understanding of the impact of the comments on the draft, the chair is anticipating that D1.1 would be generated by that time and the group would be in a task force comment recirculation at that time. The chair did not want to cancel the meeting, as it might be an opportunity for contributions to help progress the project.

The chair announced that based on last week’s meeting and the discussion on EVM, he was pre-announcing the formation of the EVM ad hoc. The official announcement and charter would be sent to the reflector.

Presentation #2 IEEE P802.3ct Chief Editor's Report

Presenter Tom Issenhuth
