

# P802.3cz timeline revision

IEEE 802.3

P802.3cz Multi-Gigabit Optical Automotive Ethernet  
Task Force

Robert M. (Bob) Grow

P802.3cz TF Chair

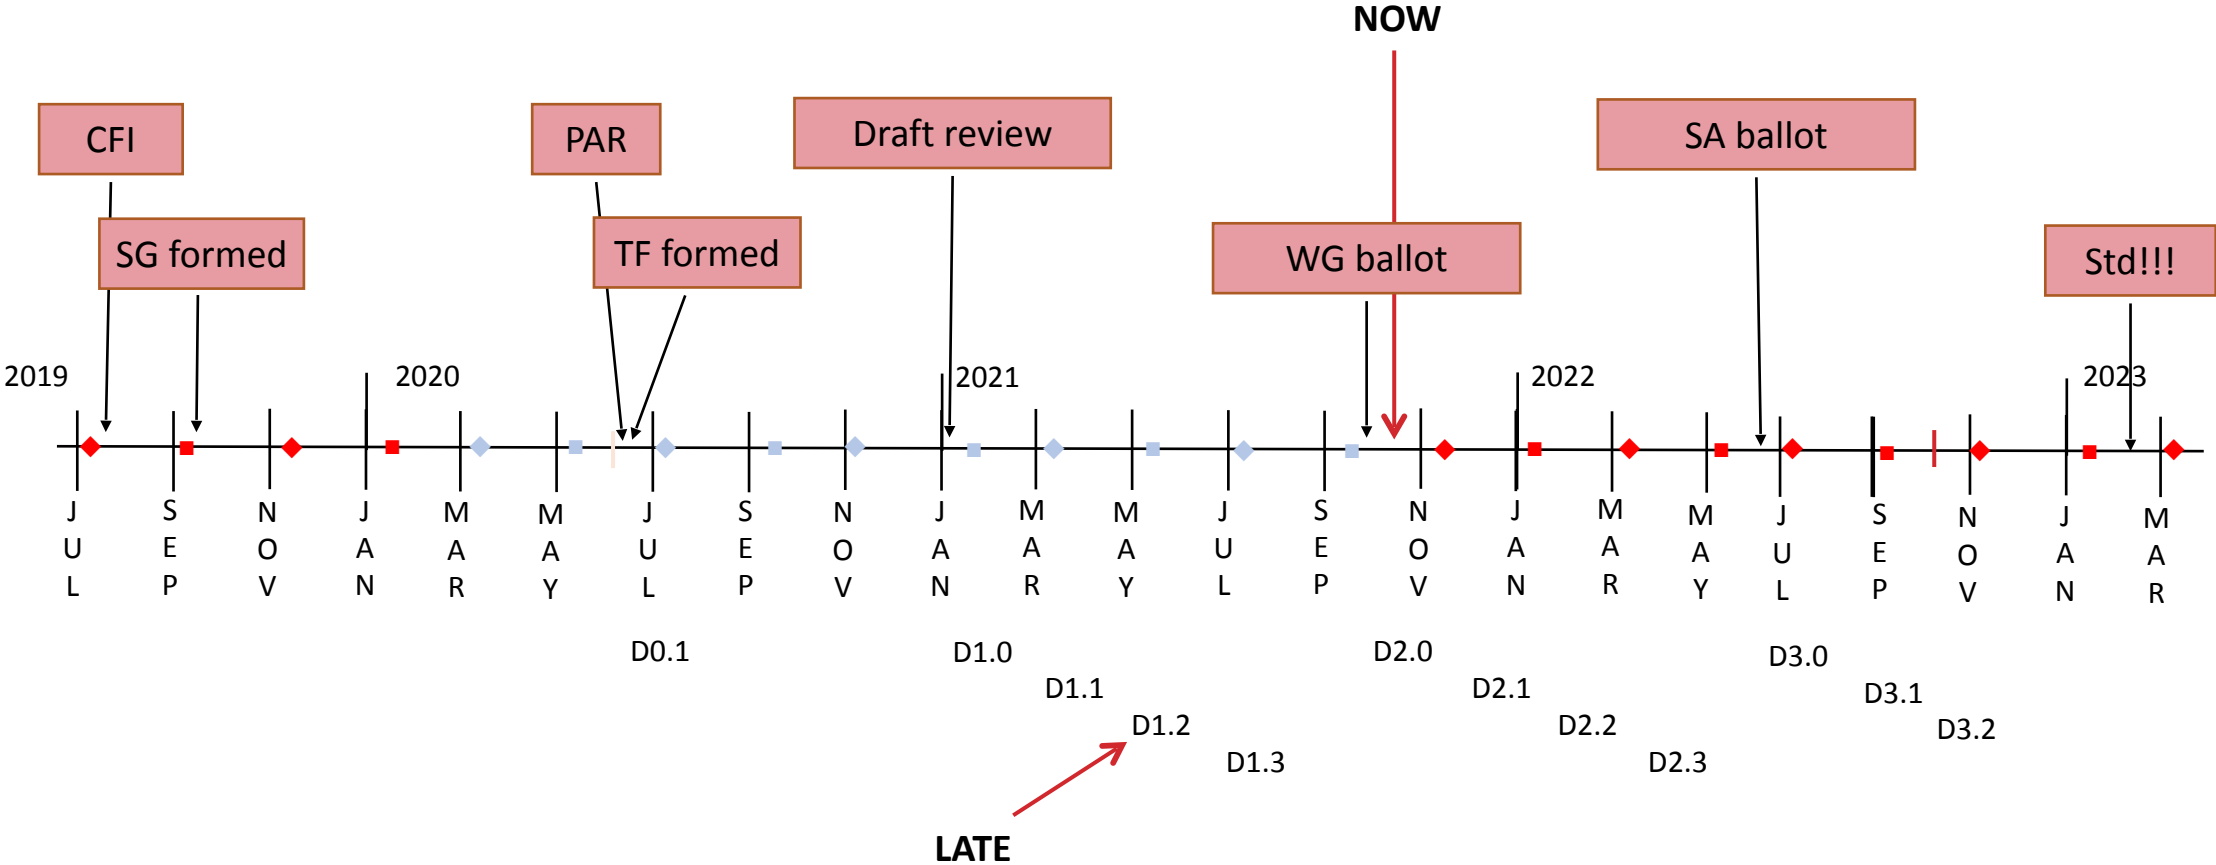

RMG Consulting / KDPOF

22 Sep 2021

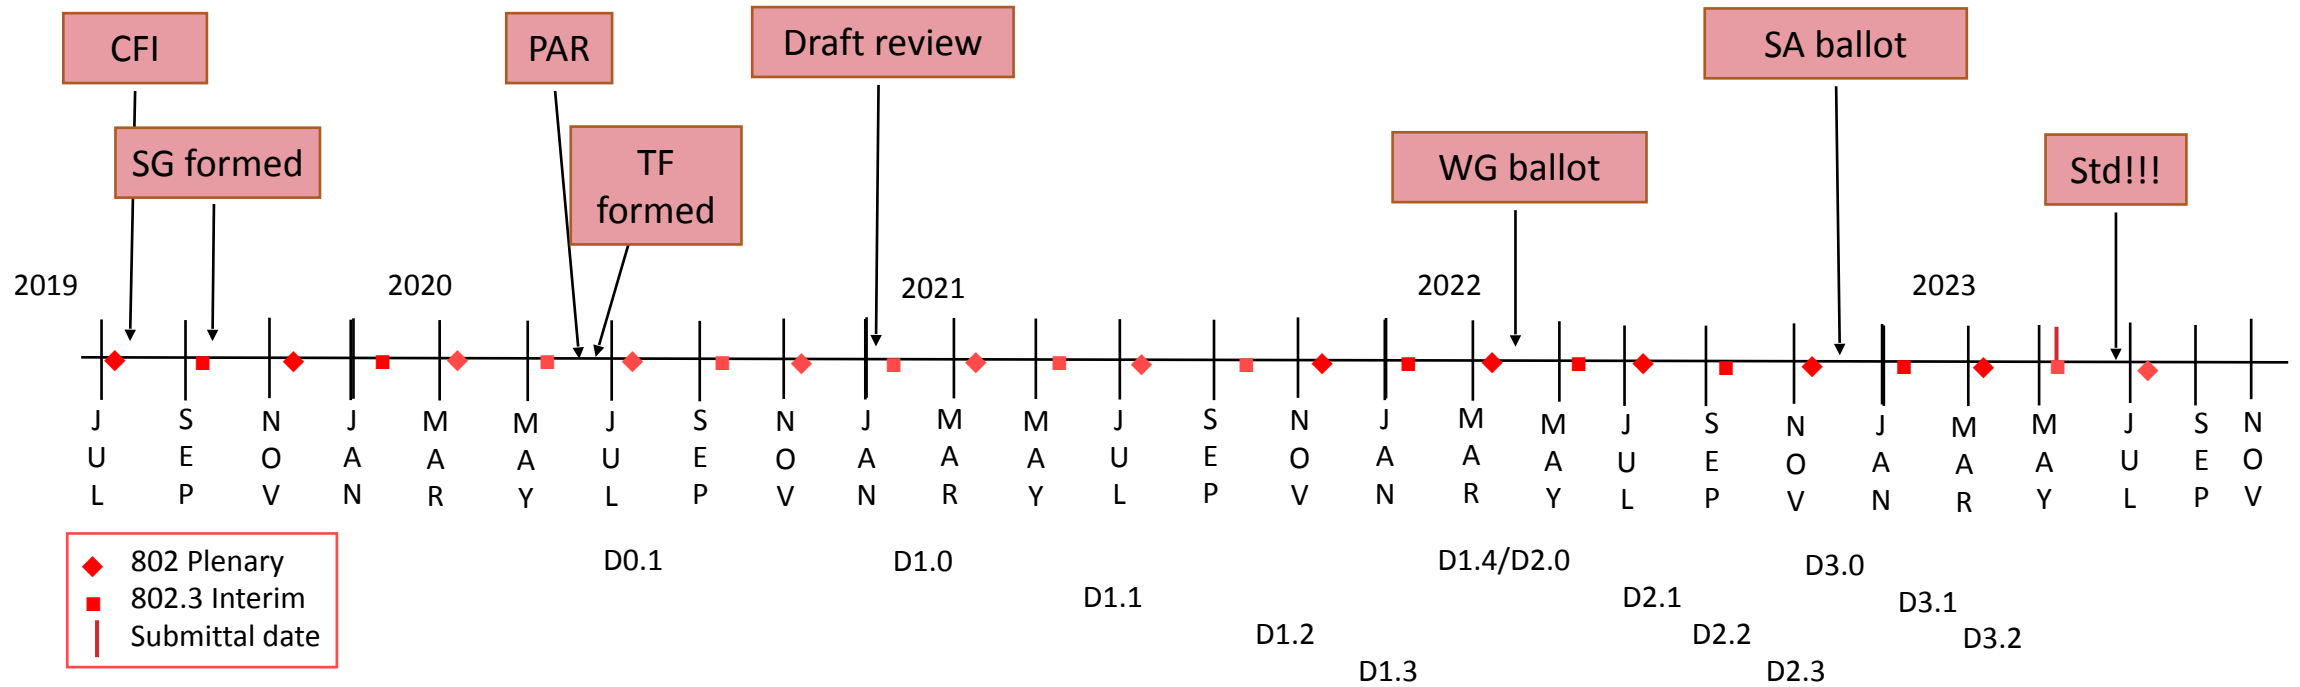

# Why revise our timeline?

- Simply it is obsolete
  - We did not submit a preview draft and therefore cannot be considered for advancement to WG ballot
  - I did not submit a preview draft because it is not technically complete (a requirement for starting WG ballot)
- We owe it to others to provide a best assessment of what our progress will be
  - Used for knowing what other projects are likely to precede ours
  - Used along with actual progress benchmarks by the WG Chair to assign amendment order

# IEEE P802.3cz Multi-Gigabit Optical Automotive Ethernet Timeline (adopted 18 Nov 2020)

# IEEE P802.3cz Multi-Gigabit Optical Automotive Ethernet Timeline (Grow draft, 28 Sep 2021, WG ballot slip 6 months, Std slip 5 months)

# Adopt a timeline revision

Motion

Adopt revised P802.3cz timeline per Grow\_OMEGA\_01a\_2021\_09  
slide 4.
