Proposal:

Go through the comments not included in the EZ bucket in Clause and Topic order.

“EZ” bucket

- There are 23 comments that improve the text grammar, fix some typos, or are evident to the Editor.
- Call to Task Force participants: please review this Bucket and provide feedback.
 - In case you want to remove one comment from the EZ bucket to be discussed in detail, please send an email to the TF reflector requesting it.
- **Proposed action: Accept all proposed remedies in the bucket at the end of the D3.1 comment resolution (including comments not discussed).**

Thanks to the commenters!

Please keep on commenting and improving our Draft

Next Steps

- In case we finish comment resolution on the scheduled sessions, the Editor will generate a new D3.2 version with the approved changes by Monday 5 December.
- Second IEEE SA recirculation ballot may finish by Monday 19 December
- This give us two weeks for the D3.2 review
- D3.1 Comment Resolution may take place in January interim meeting (10/11 January)

Important dates

- Comment Resolution starts today (14 November)
 - Please, revise proposed response to the comments and “EZ” bucket
 - Thanks to reviewers!!
- Proposed release of the next draft version (D3.2): 5 December.
- Proposed date for the end of the second IEEE SA recirculation ballot: 19 December
- D3.2 Comment Resolution at the January IEEE 802.3 interim meeting

Thanks!
