Interpretation Number: 1-03/11

Topic: 1000-BaseX auto-negotiation enable/disable
Relevant Clause: Clause 37

Interpretation Request
See next page

Response to Interpretation Request

This request is being returned to you because the question asked does not constitute a request for interpretation but instead a request for consultation. Generally, an interpretation request is submitted when the wording of a specific clause or portion of a standard is ambiguous or incomplete. The request should state the two or more possible interpretations or the lack of completeness of the text.
