# What is the landscape

- SB proposed policy that no projects will be approved if there are four approved amendments until a revision is completed

- P802.3ak will be the fourth amendment

- Our choice could affect P802.3ah ratification
  - Std 802.3 is probably the poster child for a a rational phase-in plan for the new policy?

# Options

- Begin revision of IEEE Std 802.3 soon.
    - 802.3 + ae + af + aj + ak
- Bundle processed maintenance requests into above revision
    - 802.3 + ae + af + aj + ak + maintenance
- Amend 802.3ah PAR to be a revision prior to SB
- Revise IEEE Std 802.3 with restructuring
