REQUESTED REVISION:	
STANDARD:	IEEE Std 802.3-2012
CLAUSE NUMBER:	1.4.127
CLAUSE TITLE:	Definitions; channel
PROPOSED REVISION T	·FYT•
	t) "In 10BROAD36, " before existing text: "a band of
	ed to a certain service transmitted on the broadband
medium. (See IEEE 8	
RATIONALE FOR REVIS	
	channel" is used throughout standard 802.3 in a more
_	simply a communications channel.
-	re easily found, including the subsequent definition,
	loss", and throughout the twisted pair and fiber optic
clauses as a commun	ications channel, without reference to the band of
-	defined term, referring to the "band of frequencies"
is specific to the	defined term, referring to the "band of frequencies" usage in 10BROAD36, in clause 11, and the revision
