18 RATIONALE FOR REVISION:

19
20
21 IEC 60068-2-1/27/30/38/52/64/78 is not the name of a Standard, but,
22 rather shorthand for seven individual Standards. A search on IHS for "IEC
23 60068-2-1/27/30/38/52/64/78" yields a null return. Each Standard should
24 be referenced individually in the normative reference (with year of
25 publication noted) and the body of the Standard. Note that some of these
26 Standards are referenced individually in the P802.3cg project.
27

28
29 IMPACT ON EXISTING NETWORKS:

30
31 None.
