8  |                                     |
9  | REQUESTED REVISION:                |
10 |   STANDARD: IEEE Std 802.3ca-2020   |
11 |   CLAUSE NUMBER: 141.2.6           |
12 |   CLAUSE TITLE: PMD naming          |
13 |                                     |
14 | PROPOSED REVISION TEXT:            |
15 |                                     |
16 | Please modify the first sentence under 141.2.6 by striking the text "the |
17 | following semantic convention, with individual elements shown in".       |
18 |                                     |
19 | Replace ":" after "Table 141-6" with ".". |
20 |                                     |
21 | Strike the formula "r1/r2GBASE-PQc-db" |
22 |                                     |
23 | Strike "elements" in title of Table 141-6 |
24 |                                     |
25 | Replace "Parameter" in the first column in Table 141-6 with "Naming |
26 | element"                             |
27 |                                     |
28 | Add a new top row in Table 141-6 as follows: |
29 | | Naming template | r1/r2GBASE-PQc-db | | |
30 |                                     |
31 | RATIONALE FOR REVISION:            |
32 |                                     |
33 | Including the naming the template in the table of naming elements makes |
34 | all information related to PMD naming easier to find.                   |
35 |                                     |
36 | IMPACT ON EXISTING NETWORKS:      |
37 |                                     |
38 | None, just a formatting change.    |
39 |                                     |
