Force, Pete Anslow (IEEE 802.3 WG Secretary) and members of IEEE 802.3

Subject: Progress on OIF CEI-56G project

From: Klaus-Holger Otto, OIF Technical Committee Chair
(klaus-holger.otto@nokia.com)

Dear Law and Palkert,

We are pleased to announce that the OIF has published an updated revision 4.0 of the Common Electrical Interface Implementation Agreement which includes a number of CEI-56G specifications which we understand may be relevant to your work.

The Implementation Agreements are now publicly available on the OIF web site.
(www.oiforum.com)

We have begun work on CEI-112G-VSR and CEI-112G-LR specifications. We intend to liaison these documents at the appropriate time.

We request that you acknowledge the OIF in any derivative work.

Sincerely,

Klaus-Holger Otto,
OIF Technical Committee Chair (klaus-holger.otto@nokia.com)
