OIF

January 3, 2019

To: David Law, IEEE 802.3 WG Chair,

CC: Beth Kochuparambil and participants of the IEEE P802.3ck
100 Gb/s Ethernet Task Force, Pete Anslow (IEEE 802.3 WG Secretary) and participants of IEEE 802.3

Subject: Progress on OIF CEI-112G project

From: Klaus-Holger Otto, OIF Technical Committee Chair
 (klaus-holger.otto@nokia.com)

Dear Mr. Law,
We are pleased to announce that the OIF has generated an updated revision .07 of the CEI-112G-VSR specification which we understand may be relevant to your work.

We are soliciting contributions to the OIF at our next meeting Feb 19-21, 2019 in Tucson, AZ relating to the channel loss and reference equalizer architecture. We would welcome feedback from 802.3 on these and any others issues related to CEI-112G-VSR.

We request that access to the attached documents be restricted to 802.3 participants only and that you acknowledge the OIF in any derivative work.

Note: Attention is called to the possibility that use or implementation of this OIF document may require use of subject matter covered by intellectual property rights (IPR). By providing access to this document, no position is taken with respect to the existence or validity of any IPR in connection herewith. The OIF shall not be responsible for identifying all IPR which is required in order to utilize this document or the information contained herein, or for conducting inquiries into the legal validity or scope of such IPR that is brought to its attention.

Sincerely,

Klaus-Holger Otto,
OIF Technical Committee Chair (klaus-holger.otto@nokia.com)
