Subject: Status of IEEE P802.3ck Task Force

Approval: Agreed to at IEEE 802.3 interim meeting, Geneva, Switzerland, 23rd January 2020

Dear Mr Frlan and members of the OIF,

Thank you for your liaison letter providing the status of the OIF CEI-112G projects along with the draft Implementation Agreements oif2017.346.11 and oif2018.212.07.

IEEE P802.3ck (100 Gb/s, 200 Gb/s, and 400 Gb/s Electrical Interfaces Task Force) has adopted several baselines and created our initial draft (D1.0 attached). In our January meeting, members considered 240+ comments and approved the upcoming generation of draft D1.1. You can find the meeting materials at http://www.ieee802.org/3/ck/public/20_01/index.html and comment reports at <http://www.ieee802.org/3/ck/comments/index.html>.

We hope you find these helpful as you have a fruitful meeting in New Orleans, LA, USA. We look forward to continued communications as both our projects/drafts progress.

Sincerely,

David Law
Chair, IEEE 802.3 Ethernet Working Group
