Keywords:	HNT; Home Network Transport; Standards Overview; Standards Work Plan
Abstract:	This LS invites the ITU-T and ITU-R Study Groups and other standards organizations engaged in developing standards related to HNT to review and provide their updates on the new version of the Home Network Transport (HNT) Standards Overview and Work Plan.

ITU-T Study Group 15 entrusted WP1/15, under Question 1/15, with the task to manage and carry out the Lead Study Group on Home Network Transport (HNT) Standards activities. The outcome of the activities consisting of the HNT Standards Overview and Work Plan containing a list of the existing Standards and

Recommendations from ITU and various other Standardization Bodies as well as their related Work Plan and ongoing HNT activities.

This document is intended to provide an overview of various Standardization Groups and their ongoing activities pertaining to Home Network, to identify gaps and overlaps and so as to help in the coordination of HNT standardization activities. The document has been revised during the ITU-T SG15 E-meeting, 6-17 December.

The new updated version from the meeting can be found on:

http://www.itu.int/en/ITU-T/studygroups/Pages/sg15-hnt.aspx

Q1/15 would like to express thanks for your kind cooperation, especially to those organizations that have been previously contacted and made specific recommendations to update this document by LS.

As usual after each revision, Q1/15 would again like to draw your attention to this document and would appreciate any suggestions and comments.

Section 1.3 "Home Network Activities within other ITU-T Study Groups"
This Section provides an overview of the existing Home Network related activities within other ITU-T Study Groups. Q1/15 invite you to review (in Table 3) the status of the standardization activities related to Home Network within your ITU-T Study Group (existing Recommendations and Recommendations under study) and to point out identified issues, gaps and overlaps regarding Home Network standardization.

Section 2 "Home Network Activities within ITU-R and in other Standards Development Organizations"
This Section reports existing Home Network standardization activities within ITU-R and in other Standards Development Organizations. Q1/15 welcomes your input, update or comments (in Table 4) of those activities concerning your group or organization as well as any identified issues, gaps and overlaps regarding Home Network standardization.

Feel free to use URL to your website to refer to lists of existing Recommendations, Standards and Work Plans related to Home Network within your group or organization.

Note also the web presentation of the HNT Standards Overview hosted on ITU-T SG15 website page "Documentation": see at https://www.itu.int/net4/ITU-T/landscape#?topic=0.132&workgroup=1&searchValue=&page=1&sort=Revelance

Annex 2 "List of Contacts"
Annex 2 contains a contacts list of standards organizations engaged in developing standards related to HNT. Q1/15 welcomes your comments and suggestions on this list, including any candidate standards organizations to add or you believe could be removed as not pertinent to the HNT Standardization and Work Plan.

Q1/15 of ITU-T SG15 looks forward to future liaisons with all pertinent ITU-T and ITU-R Study Groups, Working Parties and other pertinent SDOs to keep the HNT Standards Overview and Work Plan current, relevant and effective.
