

IEEE September 2024 Interim
Proposal

In Hamburg, Germany Sept. 16-19, 24

Hamburg:

1. Has never been ruled by a king or monarch but has always been a free town run by townspeople. Its free spirit meant missing out on elaborate castles.
2. Has prospered through its harbor (in town!) and trade and therefore always needed an open mind for customs and traditions of trade partners.
3. Is Germany's second largest town (and like Berlin a city state).

Today:

1. Next to trade, Hamburg's core industry is media and television. Large tech companies in Hamburg are Philips/NXP and Airbus.
2. Hamburg is dominated by water. Its rivers and canals are crossed by around 2,500 bridges, making it the city with the highest number of bridges in Europe.
3. Many Tourists visit Hamburg for its various musicals (mainly in German) and the harbor city with its miniature museum and concert hall (Elbphilharmonie).
