Robert Snively, Chair

RE: Request for liaison with IEEE 802.3 and appointment of representatives

Dear Mr. Law:

The INCITS Fibre Channel (T11) Technical Committee is heavily involved in high speed data transmission technologies closely related to the those being developed within IEEE 802.3. We have had a long-standing liaison relationship with IEEE 802.3, ably represented by Adam Healey. At the April 2008 plenary meeting of the T11 Technical Committee, at Mr. Healey's request, we appointed new liaison co-representatives to continue this constructive liaison relationship.

With this letter, I would like to introduce the new liaison representatives to IEEE 802.3 from the T11 Technical Committee:

Mike Dudek	+1 303 530 3189	<a href="mailto:mike.dudek@jdsu.com">mike.dudek@jdsu.com</a>
Terry Cobb	+1 972 792 3157	<a href="mailto:trcobb@systimax.com">trcobb@systimax.com</a>

Sincerely,

Robert Snively, Chair, INCITS Fibre Channel (T11) Technical Committee

cc:

Adam Healey, former liaison representative to IEEE 802.3  
Mike Dudek, appointed liaison co-representative to IEEE 802.3  
Terry Cobb, appointed liaison co-representative to IEEE 802.3  
Lynn Barra, Jennifer Garner, INCITS
