P802.3bv Timeline

Revised 16 January 2015

IEEE P802.3bv GEPOF

Meeting week plan

- **Goals for the meeting**
 - D1.1 comment resolution
 - Continue draft refinement
 - Decide on requesting advancement to WG ballot (as decided in May) or instead continue TF review
- **Big ticket items**
 - Number of D1.1 comments
 - Some comments could introduce significant draft text change
 - OAM (clause 45 and clause 114)
 - PICS (clause 114 and 115)
 - EEE/LPI specification
 - Volume of resulting changes could make WG review of D1.1 to D1.2 changes difficult for Thursday WG review
