Subject: Liaison response to IEEE 1588 Liaison letter entitled Liaison Statement from ITU-T SG15 entitled "LS on Timestamping Point for Multilane Ethernet Interfaces," approved at the ITU-T Q13/15 meeting in San Jose, March 2-6, 2015

Approval: Agreed to at IEEE 802.3 Plenary meeting, Waikoloa, HI, USA, 16th July 2015

Dear Mr Arnold, Mr Eidson and members of IEEE 1588,

The IEEE 802.3 Ethernet Working Group would like to thank the IEEE 1588 Working Group for its liaison regarding Liaison Statement from ITU-T SG15 entitled "LS on Timestamping Point for Multilane Ethernet Interfaces," approved at the ITU-T Q13/15 meeting in San Jose, March 2-6, 2015, dated 2nd April 2015.

The IEEE 802.3 WG has had initial discussions on the letter received from SG15 and believes that current standards may provide a means to support their request, however further work is required to confirm this.

We will copy you in any communications with ITU-T SG15 on this subject.

Sincerely,

David Law

Chair, IEEE 802.3 Ethernet Working Group
