Subject: Status update on IEEE P802.3cg project

Approval: Agreed to at IEEE 802.3 plenary meeting, Vienna, Austria, 18th July 2019

Dear Mr. Gabriel,

The IEEE 802.3 Ethernet Working Group understands that IEC TC31/SC 31G/PT 60079-47 would appreciate a copy of the most current revision of draft IEEE P802.3cg. Please find attached IEEE P802.3cg™/D3.2 *Draft Standard for Ethernet: Physical Layer Specifications and Management Parameters for 10 Mb/s Operation and Associated Power Delivery over a Single Balanced Pair of Conductors*. This draft is for the second recirculation of the IEEE Standards Association ballot process.

We look forward to continued cooperation with IEC SC 31G.

Sincerely,  
David Law  
Chair, IEEE 802.3 Ethernet Working Group
