The IEEE 802.3 Working Group believes that the current PSDO fully satisfies our requirements for international acceptance and recognition. IEEE 802.3 does not expect to submit any further versions to ISO/IEC for approval.

The IEEE 802.3 Working Group would like express their deepest appreciation and thank you for all your efforts and your assistance in the past in working between ISO/IEC JTC 1 SC6 WG 1 and IEEE 802.3.

Sincerely,

David J. Law
