P802-REV Goals

- Reflect developments since 2001
 - Amendments 802a, 802b
 - Stds 802.11 – 802.23
- Better capture current and future scope of 802
- Define enough that external groups can fit into 802 arch, internetwork with 802

Next Steps

- Join reflector for meeting announcements
 - Plenary week meetings
 - Interim WebEx meetings
- Read through draft D0.0
- Contact me with concerns with the ability for 802.3 to fit into the current layering reference model (Figure 5-1)

Thank You
