- Request 1232: Motion to recommend that the request is rejected as its scope of change is beyond Maintenance. Motion will be presented to the Working Group on Thursday at the closing session. State remains as “Received” until then.
- Request 1233: Consensus to progress the change request as is. Changed status to “Ready for Ballot”.

Other Interim Business

- Discussed and updated consensus revision plan
 - Identified a set of maintenance requests to include in the WG preview package
 - Reviewed list of amendments to be included in the revision and edition
 - Identified structure for the document
 - Place clause 75 through clause 77, and associated annexes, in section five, since section five contains the other subscriber access network technologies.
 - Start section six with clause 78 onwards
 - Tasked the Maint Chair to work with WG Chair on the updated consensus plan
- Received an update on the RevCom submission plan and future update plan of P802.3.1 from its Chair
- Thank you to the host and for a successful interim meeting
