Q13/15 thanks IEEE802.3 for the liaison response on timing performance of Ethernet PHYs.

We reviewed your liaison at the SG15 plenary held on the 29 January – 9 February 2018, and it was found particularly useful in our work on accurate time synchronization.

The information provided may be considered as input to evolve the relevant ITU-T recommendations (e.g., G.8271).

We thank you for your assistance on this matter and look forward for a continued fruitful cooperation.
