Motion PDCC 1

- Nominate Marek Hajduczenia as an IEEE 802.3 liaison officer to serve as Principal IEEE 802.3 organizational representative to NFPA 70 CMP 16
- Moved on behalf of the Ad Hoc

Document Review

- A contribution to ITU-T from IEEE 802.3 was pre-circulated on Feb 28
- Recall that in September, comments were sent to ITU-T SG5
- In the time since, the Ad Hoc learned that contributions carry more weight than comments.
- The PDCC spent significant time editing K.147 to resolve the comments
- This contribution resolves those comments
- View cover letter and contribution

Motion PDCC 2

- Move that the IEEE 802.3 Working Group approve:
IEEE_802d3_to_ITU_T_SG5_0321.pdf AND
TOA0F00002B0005MSWE.pdf
with editorial license granted to the Chair (or his appointed agent) as
liaison communications from the IEEE 802.3 Working Group to ITU-T
SG5.
