

IEEE 802.3 January 2028 Interim Offer to Host by Eridu

Destination – San Diego, CA

San Diego offers a world-class destination for IEEE members — celebrated for its year-round pleasant climate, vibrant tech and engineering community, and proximity to major international airports. The city blends professional amenities with outstanding dining, culture, and coastal recreation.

Airport Proximity

San Diego International Airport (SAN) is conveniently located near downtown, offering direct flights to several major international hubs including Munich, Tokyo and London

Effortless Transportation

San Diego boasts an efficient public transportation system, including complimentary shuttles, making it easy to navigate the city. Ride-sharing services and taxis are also readily available.

World-Class Amenities

From luxurious hotels to diverse dining experiences and vibrant cultural attractions, San Diego provides all the amenities necessary for a comfortable and enjoyable stay.

What's Included

Meeting fees, together with contributions from Eridu, cover a comprehensive package of services and amenities for all registered attendees:

Meals & Breaks

Breakfast, and AM/PM refreshment breaks throughout the meeting.

Meeting Infrastructure

Full meeting room rental with professional AV support and high-speed wireless network access to support the hybrid meeting format, according to 802.3 guidelines.

On-Site Support

Dedicated on-site meeting planning and logistics support to ensure a smooth and productive event for both in person and virtual attendees.

Mid Week Social by Eridu

Unwind and connect with fellow IEEE 802.3 attendees at our exclusive Mid Week Social gathering. This is a perfect opportunity to broaden your professional network in a relaxed, picturesque setting.

Eridu Looks Forward to Helping Further the Work of IEEE

Eridu is proud to support the IEEE 802.3 community as a committed partner in advancing the standards that drive global connectivity and innovation. We welcome the working group to San Diego and look forward to a productive and memorable interim meeting.
