

PFC ad hoc

- **Held in the 802.1 Data Center Bridging track**
 - Attendance recorded in DCB
- **P802.1Qbb (Priority-based Flow Control)**
 - Work already in progress (draft 0.2 available)
 - Needs some changes in 802.3
- **New PAR for 802.3 changes**
 - (almost) identical to 802.1Qbb PAR
 - PAR to be submitted in March
 - All work under DCB track & 802.1 WG

Motion

- **IEEE P802.3 WG agrees that 802.1 DCB track should prepare a PAR to add a frame format for Priority-based Flow Control to 802.3 in support of 802.1Qbb**

Draft PAR URL

- **P802.1Qbb PAR – as approved**
