Study Group 15 entrusted WP1/15, under Question 1/15, with the task to assemble a database of Home Network Transport (HNT) Standards. The outcome of this activity consists of an HNT Standards Overview containing a list of the existing and under study Standards and Recommendations from ITU and various Standardization Bodies as well as a related Work Plan that provides an overview of various Standardization Groups and their ongoing HNT activities. This document is intended to provide an overview of various Standardization Groups and their ongoing activities related to Home Networks, to identify gaps and overlaps and so as to help in the coordination of Home Network standardization activities.

The document has been revised in the 19-30 September 2016 meeting of SG15. The document will be updated shortly and can be found on:

<http://www.itu.int/en/ITU-T/studygroups/2013-2016/15/Pages/hnt.aspx>

Q1/15 wishes to express thanks for your kind cooperation, especially to those organizations that have been previously contacted and made specific recommendations to update this document by LS.

<p>Attention: Some or all of the material attached to this liaison statement may be subject to ITU copyright. In such a case this will be indicated in the individual document. Such a copyright does not prevent the use of the material for its intended purpose, but it prevents the reproduction of all or part of it in a publication without the authorization of ITU.</p>

After each revision, Q1/15 would again like to draw your attention to this document and would appreciate any suggestions and comments.

Section “Home Network Activities in ITU-T”

Q1/15 would like you to provide (in the table 1 of this section) the status of the standardization activities related to Home Network within your ITU-T group (existing Recommendations and Recommendations under study) and to point out identified “issues” gaps and overlaps regarding Home Network standardization.

Feel free to use URL to your website to refer to lists of existing Recommendations and Work Plans related to Home Network within your group.

Section “Other groups within ITU and other Standard Developing Organizations”

This section reports on-going Home Network standardization activities in other groups within ITU and other Standard Developing Organizations”.

Q1/15 welcomes your input, update or comments of those activities concerning your group or organization as well as any identified “issues” gaps and overlaps regarding Home Network standardization.

Feel free to use URL to your website to refer to lists of existing Recommendations, Standards and Work Plans related to Home Network within your group or organization.

Section “Contacts”

This section contains a contact list of standards organizations that may be engaged in developing Home Network standards, Q1/15 welcomes your comments on this list, including any candidate standards organizations to add to the list or you believe could be removed as not pertinent to the HNT Standardization and Work Plan, and any suggestions about contact and liaison information.

Study Group 15 looks forward to future liaisons with all pertinent ITU-T and ITU-R Study Groups, Working Parties and other pertinent SDOs to keep the HNT Standards Overview and Work Plan current, relevant and effective.
