Subject: Status of IEEE P802.3cm, P802.3ck, and P802.3cn projects to COBO

Approval: Agreed to at IEEE 802.3 Plenary meeting, Bangkok, Thailand, November 15, 2018

Dear Mr. Booth and members of COBO,

Thank you for your liaison letter providing the status of the COBO project and a link to your specifications.

We would like to inform you about the status of the IEEE P802.3cm 400 Gb/s over Multimode Fiber project. We are in Task Force review and are pleased to share our Draft 1.1

The IEEE P802.3ck and P802.3cn projects are in the process of adopting baselines, so no drafts are available. Please note the adopted timeline for P802.3ck is available at <http://www.ieee802.org/3/ck/index.html> .
