Approval: Agreed to at IEEE 802.3 plenary teleconference meeting, 19th November 2020

Dear Mr Booth and members of COBO,

Thank you for your liaison letter providing the status of the COBO projects.

The IEEE P802.3ck 100 Gb/s, 200 Gb/s, and 400 Gb/s Electrical Interfaces Task Force has completed four rounds of task force review resulting in Draft 1.4 (attached). As we continue rounds of task force review, we work towards our next goal of technical completeness.

We look forward to continued communications as both our projects progress.

Sincerely,

David Law

Chair, IEEE 802.3 Ethernet Working Group
