

IEEE 802.8

Fiber Optic Technical Advisory Group (FOTAG)

- 1. Initial comment resolution on the “Recommended Practice for Fiber Optic Local & Metropolitan Area Networks” sponsor ballot occurred at the 11/98 Plenary.**
- 2. One comment required the PAR scope to be modified. The modification was approved at the Thursday evening executive committee meeting and by NESCOM.**
- 3. Primary task this week is Sponsor Ballot comment resolution and preparation for ballot recirculation.**
- 4. Meetings start 4:00 PM Monday in the “Big Thicket”. Subsequent meeting times are dependent on 10 Gig and 10/100 short wavelength fiber discussions in 802.3.**
